

"I booked the nature center for a business lunch and presentation for 30 people. The booking process was simple and the staff were very helpful in answering my questions about the facility. A technician was available through PEEC to set up the computer / projector equipment in the planetarium so the presentation went really smoothly. We all enjoyed the presentation on the big planetarium screen and the seating was comfortable. Overall, we had a great experience using the nature center for our event. It may not be a location one immediately thinks of for a business event but I will definitely be recommending to others."

—Leanne Archibald, Bechtel Corp.
