

PEEC Summer Nature Challenge

Take It Outside this summer with the Pajarito Environmental Education Center! Participate in our challenges and track your experiences to earn a different sticker each week. Check peecnature.org or PEEC's social media accounts every Monday for new challenges. You don't need access to the internet to do these challenges; you can also set your own tasks for each topic!

Write a few words, draw a picture, or take a photo to capture each experience outdoors. Bring or mail your completed form to PEEC to receive your stickers! Our address is: 2600 Canyon Rd., Los Alamos, NM 87544.

Name: _____

Email Address: _____

Mailing Address (if you want us to send you stickers!):

How to Earn Your Stickers:

You can earn up to 10 different stickers this summer!

For each topic, you will earn a sticker if you draw or write about your experience participating. If you participate in all 9 weeks, you'll receive a bonus sticker! You can do that using this worksheet, by sending us an email and photos, or filling out the Google Form at the end of our weekly web posts.

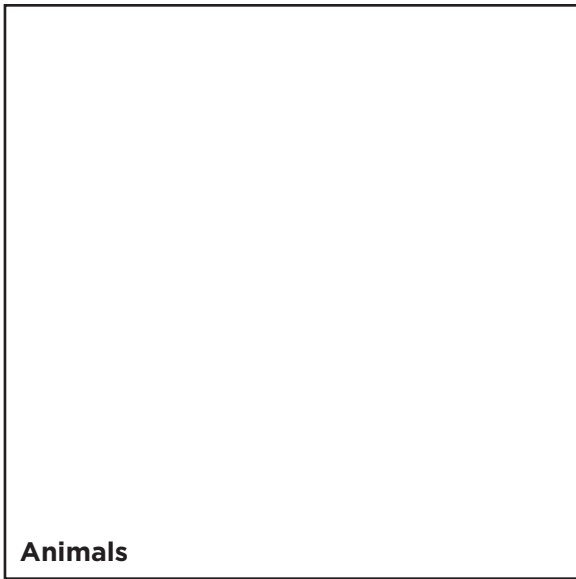

Check peecnature.org/take-it-outside each week for ideas, or come up with your own!

Have any questions?
Email takeitoutside@peecnature.org or call 505-662-0460 and leave a message.
